

I-GROUP FACILITATOR TRAINING

Supercharge your I-Group with IGFT

I-Group Facilitation is the art of directing a process in which a man discovers a deeper truth about himself, others, and the world. In the IGFT we explore how to pace facilitation, ask good questions, and practice skills for developing powerful intuition. Over the two days you will have an opportunity to practice your facilitation skills in eight processes, being the facilitator, being facilitated and being an observer.

“We really dug deeply into the most basic core processes. I learned a ton about things that I already thought I knew... Great training!”

“I was thrilled that the first section of the training was a bunch of ‘tools’/practices that related to the most fundamental part of facilitating-listening effectively...”

“Awesome training. Exceeded my expectations”
